

Creative Media + Tech Youth Producer (Part Time)

Overview

At ZUMIX, we believe in the power of young people. We believe that young people are capable and self-determinant. Young people drive our work, voice their perspectives, and hold power. We are a youth-run radio station, a recording studio and a performance space. We are a place where youth are leaders, artists, and musicians. We empower young people to build successful futures for themselves - transforming lives and community through music, technology, and creative employment.

From our LEED-certified headquarters in East Boston and throughout the city, ZUMIX offers over 40 programs annually for young people ages 7-18, including private and group music lessons. Each year, over 1000 young people participate in programs through in school partnerships, out of school and summer programs.

Our work has an impact locally and across the country. We are proud to partner with local neighbors like Eastie Farm and seven East Boston schools, across the region with the Revere Public Schools and Berklee College of Music, and to receive national recognition from First Lady Michelle Obama, as a recipient of the [National Arts and Humanities Youth Program Award](#). Our students have performed for community events and alongside Sting and Pink Floyd's Roger Waters.
