ABOUT ZUMIX

For 35 years, ZUMIX has provided after-school and in school programs for young people ages 7-18 in Greater Boston. ZUMIX's mission is to ensure young people build successful futures for themselves, transforming lives and community through music, technology, and creative employment.

From summer guitar lessons in a Maverick Square apartment to multiple award-winning programs running year-round in our beautifully renovated Firehouse in East Boston, ZUMIX has created a space where creativity, belonging, and opportunity thrive. Young people can discover their artistic gifts, and develop as leaders, artists, people, and citizens. Our programs in music and creative technology offer students the chance to learn new skills, form lasting relationships with staff members and each other, and begin to envision the lives they want to build. We're thrilled to celebrate this milestone, and excited for what the next three decades will bring.

The Muze is an opportunity for partnership between ZUMIX and innovative businesses in Greater Boston. By becoming a sponsor of The Muze, you are investing in the creative, personal, civic, and professional development of Greater Boston's youth.
